**DANGER**

Read and understand the instructions for use of this equipment before operating. Failure to do so may result in personal injury or property damage. This equipment is not to be used for any purpose other than that for which it is designed. The manufacturer is not responsible for any damage or injury resulting from the use of this equipment for any purpose other than that for which it is designed. The manufacturer is not responsible for any damage or injury resulting from the use of this equipment for any purpose other than that for which it is designed.

**DANGER**  
This is a warning sign. It contains text that is partially obscured but appears to be a safety warning. The visible text includes "DANGER" in large red letters, followed by several lines of smaller black text. The text is difficult to read due to the angle and lighting, but it seems to be a standard safety warning for a vehicle component.

# **! DANGER**

Any motorized vehicle or any motorized equipment powered with flammable liquid can cause fire, explosion, or asphyxiation if stored or transported within the recreational vehicle. To reduce the risk of fire, explosion, or asphyxiation:

1. Do not ride in the vehicle storage area while vehicles are present.
2. Do not sleep in the vehicle storage area while vehicles are present.
3. Close doors and windows in walls of separation (if installed) while any vehicle is present.
4. Run fuel out of engines of stored vehicles after shutting off fuel at the tank.
5. Do not store, transport, or dispense fuel inside this vehicle.
6. Open the windows, openings, or air ventilation systems provided for venting the transportation area when vehicles are present.
7. Do not operate propane appliances, pilot lights, or electrical equipment when motorized vehicles are present.

**FAILURE TO COMPLY COULD RESULT IN AN INCREASED RISK OF FIRE, EXPLOSION, ASPHYXIATION, DEATH, OR SERIOUS INJURY.**
